Michael A. Friedman, M.D.  
President and Chief Executive Officer

You have done an amazing thing.

Not everyone is willing to put their money on the line to save the lives of people they have not even met. But your kind gift to City of Hope will promote the unique combination of innovative research and compassionate patient care that is winning the war against cancer every day.

This is your official receipt for your tax-deductible gift. I hope you will also consider it an invitation to visit us on the Web, or even in person, to find the latest examples of how we put your gift to work saving lives and working to cure deadly diseases.

Thank you once again for your generosity.

Sincerely,

Michael A. Friedman, M.D.  
President and C.E.O.
