

help Japan

As the road to recovery begins in Japan, our hearts go out to the hundreds of thousands of people impacted by the recent catastrophic events.

Holding true to its mission of “helping people,” **24Hr HomeCare has pledged to donate 1% of its gross proceeds for the month of April to the Direct Relief International: Japan Relief and Recovery Fund. In addition to this amount, owner Ryan Iwamoto will personally match 100% of the total donation to extend the generosity.**

Our contribution will support the disaster relief efforts to help those affected by the earthquake and tsunami through the funding of emergency response and relief teams. The donations will also help supply safe zones with medical materials, including medicines, equipment, surgical supplies, nutritionals, and other in-kind medical resources. 100% of funds received will be used exclusively for programmatic activities related to Japan. None of the funds donated for Japan will be used to pay for fundraising or administrative expenses, or for programmatic activities in other places.

Since 2008, 24Hr HomeCare has donated over \$15,000 to partnered non-profit organizations through our Proceeds to Charity Program. We look to extend our mission of “giving back” through our contributions to the Japanese people in need. You can personally contribute \$10 to the Direct Relief International: Japan Relief and Recovery Fund by texting “Give10” to 20222 or visit our website at www.24hrcare.com.
