

To Whom It May Concern,

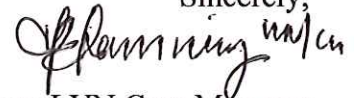

I have had the opportunity to work alongside 24Hr HomeCare over the past year. As a case manager in a short-term rehabilitation facility, I need to be able to count on a homecare provider that can serve immediately and with quality. 24Hr HomeCare always answers my calls live and is typically able to have someone meet with the families that I serve immediately, even on weekends and holidays. Frequently care begins within a few hours of my phone call.

Families have given me excellent feedback regarding the care that 24Hr HomeCare has provided. Some of the families that I work with may just need an hour or two of care for a few days during rehabilitation, while others may need more hours or longer term care. Since 24Hr HomeCare doesn't have a minimum, I know that the staff can help all of the patients' and their families that I work with. I also appreciate the fact that the caregivers can be interviewed and can train with my patients' therapists prior to discharge to ensure the right fit and plan of care.

While I have many homecare companies that I can refer to, I always consider 24Hr HomeCare as a resource due to their professionalism and reputation. The service levels that the staff provide are the top in the industry.

Feel free to reach me with any questions or concerns regarding 24Hr HomeCare.

Sincerely,

Breanna Ramirez, LVN Case Manager
