

To Whom It May Concern:

This letter is on behalf of 24Hr HomeCare. I have utilized their services several times as a social worker at Dignity Health Chandler Regional Medical Center, with great success. Joey Jacobellis, Managing Director, has been immensely helpful in assisting our patients with aftercare and he always follows up with me to provide updates as to how the clients are doing after discharge from the hospital. I have encouraged all my colleagues to utilize 24Hr HomeCare for any patient that has private caregiver needs, as well as the amazing Hospital to Your Home and the RideWith24 programs for transportation. All of which I have personally referred patients to with great outcomes!

Thank you,

Jennifer Gunderson, LCSW
Clinical Social Worker
Chandler Regional Medical Center
